School Manager

PRODUCT BROCHURE

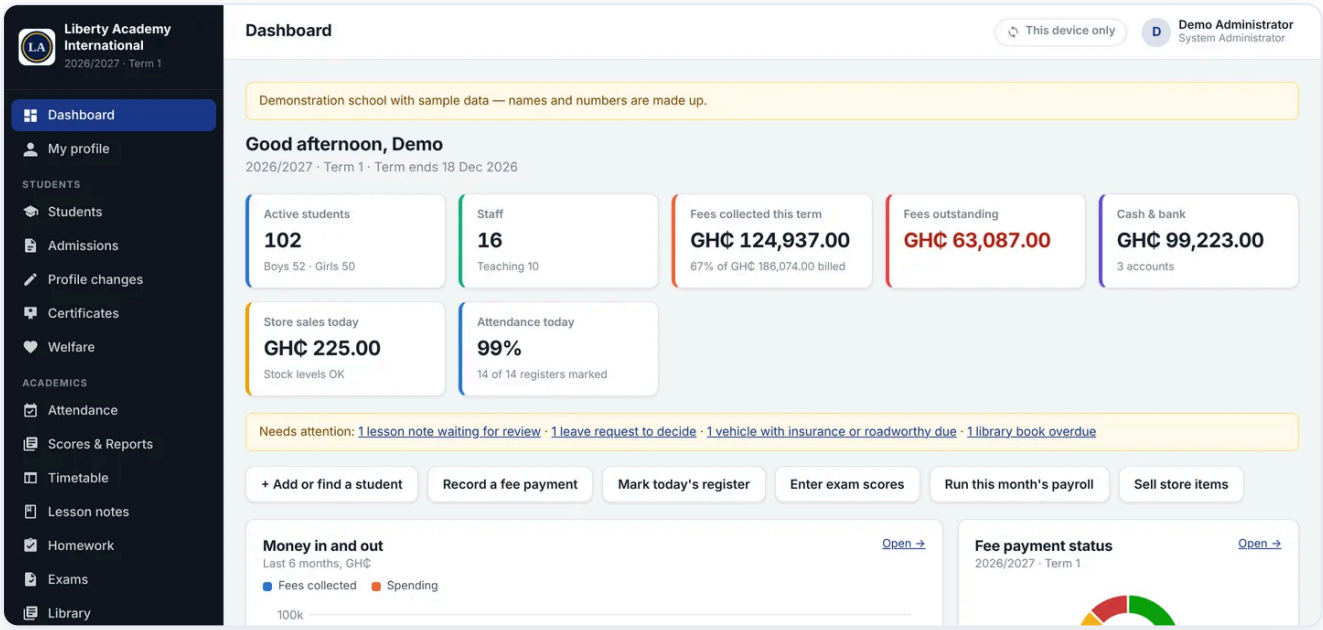

ACNEXUS School Manager

Integrated, offline-first school management for Ghanaian schools — students, fees, academics, staff, communication and reporting in one place.

ACNEXUS LIMITED · Nii Odai Footse Street, House No. 22, Accra · 0502603633 / 0554288208 · acandersonclement@gmail.com

One system for the whole school

School Manager brings records, money, academics, staff and communication together, on every device — and keeps working when the internet goes off.

Product screenshot · demonstration school with sample data

Students & admissions

- Complete student records, photos and ID cards
- Admissions, applications and admission letters
- Families, medical, welfare and documents
- Promotion, transfer letters and testimonials

Fees & finance

- Fee structures, bills, receipts and balances
- Instalments, penalties, sibling discounts
- Debtors, reminders by SMS or WhatsApp
- Accounts, budgets, expenses and approvals

Academics

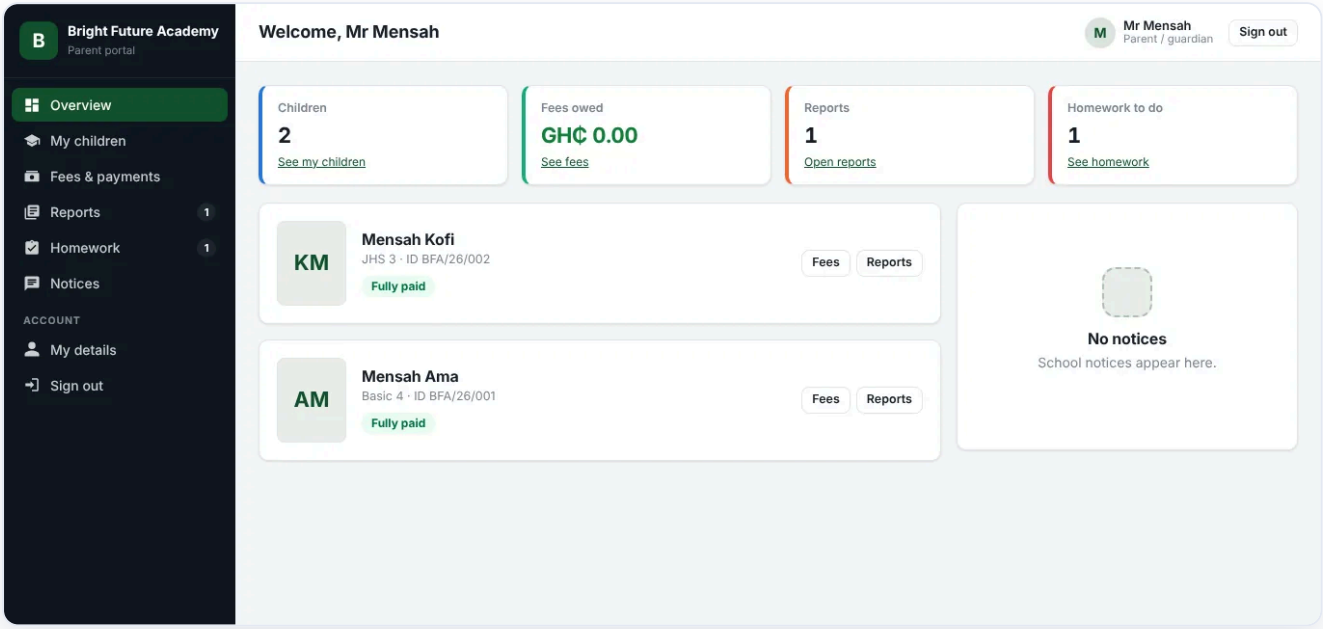

- Score entry, grades, positions
- Terminal report cards and broadsheets
- WAEC continuous assessment (SBA) support
- Timetables, lesson notes and homework

Staff

- Staff records, roles and permissions
- Payroll with SSNIT and PAYE
- Attendance, leave, appraisals, loans
- Biometric attendance devices (optional)

Parents and students stay informed

Parents sign in with their child's ID and a family PIN to see fee balances and payments, published report cards, homework and notices — and pay online through Paystack where the school sets it up. Primary and JHS pupils have their own portal.

Works offline

The office and bursar use the Windows app; teachers use the web app on their phones. Every device keeps working without internet and synchronises with the school's own server when a connection is available. (The first server set-up and synchronisation need internet.)

Secure by design

- Role-based permissions — teachers see only their classes
- Two-step sign-in, strong passwords, lockout and automatic sign-out
- Device list to block lost devices, audit log, server backups

Simple licensing

A one-time licence priced by the number of active students, issued in the school's registered name. Hosting, installation, training and support are separate services. A 30-day evaluation (up to 100 students) is available.
